FAST FUCKS

Why quickies can be the most exciting sex ever

It was after hours. I parked my car in an almost empty lot, walked through a brightly lit, totally deserted lobby and then reached his door. I knocked once, lightly. The door opened immediately and, before I could do more than take two steps into the office, I was in his arms. The door clicked locked as I first felt the pressure of his tongue pushing its way into my mouth.

We didn't talk; there wasn't time. He hurried me into his office, pushed his desk and chair aside, and began to undress. I shed my clothes as quickly as my doctor.

He kissed me again and then pushed his engorged and beautiful dick deep inside of me. I was hot and ready for him. The excitement of having sex then and there in that sterile atmosphere, of doing it between a visit to my mother in a nearby hospital and my dinner awaiting me at home, was enough foreplay of a very special kind to make me wet and open and ready to receive him. It took no imagination to know that the same elements were what accounted for the hard cock I had inside of me.

We fucked. It wasn't making love, not in the sense that we spent long Friday afternoons in a comfortable hotel bed, touching and licking, kissing, sucking and nipping at one another, bringing one another to excitement and passion. It was simply fucking. And it was fabulous. It was 10 minutes of being thrust into, of feeling my insides getting pounded, my breasts squeezed and pummeled, my body used and using. We had one orgasm right after another and then we relaxed for five minutes, barely long enough for me to catch my breath. We dressed, kissed goodbye, and I slipped away to go back home.

We'd been together less than a half hour, start to finish, and I felt fantastic! I walked into my house to my dinner table, feeling like a new woman. I sat tall, ate well, smiled a lot at my family, and was in a great mood for the rest of the evening. A quickie had done wonders for me.

An enjoyable quickie is something like what I had with Steve; a rare fuck that's limited by timing or circumstances and is better than no fuck at all. A fuck that is part of an ongoing relationship, as with Steve, or a fuck that is spontaneous, unexpected, or unplanned.

I remember a time after I got married. My husband and I were expecting guests and we were taking showers separately, trying to get ready in a hurry. I went first and was nearly dressed when he emerged naked into our bedroom, drying himself, to find me adjusting my pantyhose. He came over to me, put his arms around me, and began to fondle me. I could feel his cock getting hard and my excitement started building as he pressed his wet dick against my belly. I wanted sex just then as much as he did. I could see the clock on the dresser, though, and knew we were going to be late—if our guests were on time—even if we didn't fuck at all.

Still, there I was in bra and panties, with my cunt beginning to get wet. My husband was wet and naked, hard and insistent. I gave in to my feelings, let him position me on the bed, and then breathed a heavy sigh of relief as I felt his large cock force its way into me. I was on my hands and knees and he was standing next to the bed, fucking me from behind. I was moaning so loud from the incredible pleasure I was feeling that I nearly missed hearing the doorbell.

He heard it too, and it did the same thing for him that it did for me: set us both off. One more deep thrust and we were both banging for all we were worth. Afterward, one quick swipe of a tissue removed his excess cum and I quickly threw my dress over my head. And then I was ready to answer the door.

My face was flushed and I had to apologize for Rick's

lateness, but I was in a great frame of mind and had no difficulty making our guests feel welcome. In fact, we had a better time that night than we'd ever had before with that particular couple.

There was another time that I remember well. I was at a party and in a foul mood, having a few drinks in hopes of cheering up, when a rather attractive man struck up a conversation with me. We talked a bit and I finally began to get a little high. Nothing he noticed, but I could tell that though I was still pissed, I didn't seem to mind it as much.

Finally I felt the need to pee, so I excused myself. He walked me to the bathroom and I went inside. When I was finished I opened the door to leave and found him waiting there for me. Rather than hold the door for me, he quickly slipped inside the bathroom with me, locked the door behind us and embraced me.

Well, why not? I thought. I kissed him back and very soon was as hot and sexually aroused as he was. In seconds he'd unzipped his fly, released his cock, and pulled my dress up to my chin. I slipped my panties down and very happily took his cock inside my cunt. We stood there in the only bathroom in the apartment and fucked each other standing up. It wasn't easy, holding my dress up and trying to hold on to him at the same time, but I did it. He held my hips tightly; his cock was stuffed inside of me, and he was pounding away at me. It was great! Great enough for me to get off within minutes of his first thrust inward and then to get off a second time just as he released a load of his warm cum inside of me.

We wiped ourselves off and grinned a lot at one another. Then, as quietly and surreptitiously as possible, we left the bathroom one at a time. A few minutes later we were having drinks again in a corner, deep into conversation. I was no longer high, but I was no longer pissed at the world either. I felt fine. My mood held for the rest of the evening and was enhanced later that night when we were comfortably and passionately ensconced in my bed, having sex in a more leisurely and thorough, though not more rewarding, fashion.

Quickies have a bad reputation. And it's unfortunate; they deserve better. Recognizing that sex is often therapeutic, that it is more than what two people do when they are in love and need to expresstheir feelingsfor one another, it is obvious that quickies can be momentary, emotional lifesavers.

There was a guy I used to work with, with whom I had a friendly relationship. We talked a lot, laughed together, and generally enjoyed one another's company. We'd never dated—he was married, and although I was divorced and seeing someone, we were just not romantically inclined toward one other. So we played in the office together and had many good times. Then one afternoon, after everyone else had left we found ourselves alone in the office for the first time.

We had a cup of coffee together, both of us really needing to get home but also needing to unwind before braving the cold night air. Our talk was sexual; not unusual for us, only this time it led to touching. I still can't figure out exactly what happened to get us started, to change a situation from what was to what it became, but happen it did.

We were kissing and touching, exploring each other with our hands, and as slowly as we'd walked into this new dimension of our friendship, that's how slowly we wound up undressing and fucking on the couch in his office.

It was lovely. It was gentle and caring and eminently satisfying, some of the best sex I've ever had in my life. And it probably took all of 20 minutes, start to finish.

There was no need for foreplay, as such, since the change in our relationship, the suddenness of our interest in one another, and the excitement of fucking in the office all led to his cock slipping easily inside my cunt. We fucked for a few minutes, long enough to ease the aches we'd created for one another, and then we came, one after the other. We lay together for a few minutes afterward and then helped each other get dressed. Then, with one last warm and friendly kiss, we said goodnight at the door and went our separate ways.

Our friendship was changed by that quickie we'd had, enhanced, made more intimate and loving, but it remained a friendship only. We never had sex together again, but there were never any barriers between us again, as there occasionally had been before. That's natural in a friendship between a man and a woman, for whom limits are automatically set by the difference in gender.

Having sex under "normal" conditions with time unlimited, privacy and mood-setting materials surrounding the parties, is wonderful and probably to be preferred under most conditions. However, quickies very definitely have their place in the romantic life of most people—especially when they are an addition to usual lovemaking. They add excitement and variation, and sometimes they add that little extra something that lovers need to keep their sexual interest in one another alive.

It is morning, the alarm goes off and you stir. You're unwilling to waken, to remove yourself from the warmth of your cozy sleeping nest, and you think you might just manage to sleep a couple of minutes longer when you feel a warm leg slip over on top of your own, followed by the rest of the warm body with whom you've shared your bed. Your eyes almost open then close again as you feel loving hands caressing you and your own hands reaching out to caress in return. Before you know it you are in the midst of a wonderfully warm embrace, fucking and getting fucked.

It lasts maybe five minutes, but those five minutes create energy within you, awaken you completely, and do more for the rest of your day than any cup of hot coffee or a cold shower could ever do. You've had a quickie, and what a fabulous few moments of lovemaking that quickie has been! And how wonderfully close you'll feel to one another for the rest of the day because of it.

Maybe you're not married or living together. Perhaps neither of you has your own apartment or home. Usually you go to a motel for sex, but that's not always possible. Have you tried having a quickie in the car? I remember one occasion in particular.

We'd just come home from seeing a movie. It was too late to go to a motel, since I had to let my babysitter go home, and we couldn't make it in my house because my kids were there. Yet, we were desperate to fuck. It had been days since we'd gotten it on together and the movie we'd seen had been so romantic, so touching, that it had created a need in us to release our emotions.

Kissing and fondling one another in the car hadn't decreased our hunger for release in any way; soon we found ourselves thinking of some way in which we could do the deed. Lying down on the front seat was unthinkable, on the back seat uncomfortable. Finally, however, he scooted over to sit in the passenger seat, unzipping his pants and pulling them down over his hips. I took my panties off and straddled him, my knees on either side of his hips. His cock fit very snugly and comfortably in my cunt, and we were still able to kiss and tongue one another while I controlled our fucking with my body movements.

It was more than a good makeshift fuck, however. We found that fucking in the front seat of his car was a delight. He had more than usual control over his orgasm, since I was doing the actual fucking. I found that I could get as much or as little penetration as I wanted. He opened my blouse, I remember, and unhooked my bra. Then, with his hands totally free, he was able to play with my tits. He caressed them, held them, kneaded them, and then very easily put one of them at a time in his mouth to suck on them. His manipulation of my nipples with his mouth and tongue was so exciting that my hand found its way to my clit.

In our front-seat position I was able to bring myself off in no time. He became so excited by feeling me masturbate that he began to rotate his hips beneath me. In turn, my excitement was recreated and I began fucking him even faster and harder than before. We shot off together, muffling our groans in one another's shoulders, and we enjoyed terrific orgasms.

Though it was another quickie—this time, from penetration to climax, maybe 15 minutes had gone by—it was another really good fuck session. And when we'd finished we found ourselves giggling all the way up the path to my front door. We'd had fun, just like a couple of school kids. We'd made it in the car: hurriedly, dangerously, in fear that we'd get caught. As much as we enjoyed doing it, we agreed later that it had been probably our most memorable, if not our most enjoyable, fuck.

In a fucking history of perhaps 13 years, I've had quite a few quickies. Most of them have been worthwhile fucks and most of them have added to my life in one way or another. Either I found myself feeling better than I had before or I added a smile to my mood.

In every case of course, I'd been penetrated, pounded and immeasurably sexually pleased by my 15-minute quickies. There's no getting around the fact that even a quickie, at its worst, is still better than no fuck at all.

As the saying goes: clothes make the man – or woman. We say boobs can make the woman. They sure do in Cassidy's case. Fortunately, she has the other good stuff to back them up. Like a captivating smile, a beautiful face and stunning figure. And let's not forget the parts that you buy this magazine for!

There are school days when getting out of bed is such a chore, and this is surely one of them. I got dressed in my cutest clothes just to cheer myself up. I convinced my professor to stay after class by sucking his cock and letting him fuck my ass. This was the easiest A+ grade that I ever got in my life!

smooth flesh. The force built quickly within me as she swept my penis back and forth on her perfect thigh until I couldn't hold back: I responded by spurting my load in her cupped hand and all over her leg. I didn't have to be able to actually see under the sweater in order to know that Claire's leg looked lovely with my cream dripping down it.

What was she going to do with all that stuff? I wondered. She knew what to do. Moving slowly, so as not to call attention to herself, Claire wiped some of the cum from her leg onto her fingers and then brought her hand to her face. Assuming the guise of someone resting her chin in her hand, she cleaned her fingers with long, loving licks and then reached down for more. For 15 minutes she slurped my jism that way, and the sweet little licking noises she made got me hot again by the time her meal was over.

She's 18 and has got dimples, she comes from a family that doesn't let her date yet, she has the most angelic face since Snow White, and she's cramming half my hand up her cunt five times a week. But I'm not complaining. I picked her up after gym class and we walked back to my house, with me feeling like a million bucks just for being seen with this cute little cupcake.

When we arrived at my house Claire asked, "What should we do now?" in the most innocent voice I'd ever heard.

"We should fuck," is what I felt like saying, but I figured the subtler approach might be better. Besides, it was a pleasure just to have Claire there in my living room with nobody else around. Wearing her cheerleading outfit, her knees rubbed against each other once or twice as she too felt the excitement. Already I was imagining her love juice dripping down the insides of her shapely legs. Claire saw me staring at them and she sweetly repeated her question. "What should we do now? I told my mother you were writing a story about cheerleaders."

"Then do some cartwheels," I joked.

"Okay," she replied, flipping onto her hands and bounding sideways down the hallway toward my bedroom. The wonderful tan flesh of Claire's legs flashed as she spun head over heels. Yet something looked different.

"Could you, uh, do that again?" I asked.

"Sure," she said brightly, rolling back toward me until the mystery was solved. Claire was not wearing any panties. She must have removed them when she'd changed after gym. And here she came, pointing her sneakers, pompons, legs and ass to the ceiling as the skirt hugged her waist and cleared the view for my eyes.

As she was rolling by me I caught her ankles, one in each hand, and peered straight down as the smooth skin of Claire's legs came together in a soft pussy with pretty red lips. Continuing to hold her ankles so her arms wouldn't get weary supporting herself, I kissed her calves and started licking her legs toward her pussy. My tongue touched the back of her knees and, as I leaned over, lapped its way over the soft insides of her warm thighs until my mouth was almost at her pussy. I could smell its musky aroma. The scent was driving me mad. When I finally kissed her snatch, Claire's arms suddenly collapsed.

Her whole body trembled and she fell in a heap. I went down too, landing on top of her and pausing not a second before sticking my tongue into her love hole. Her soft pubic hair tickled my nose. Claire was lying face up on the rug as I ate her and her legs began to kick in the air. She tossed them about as her cunt got hotter and wetter, until her shapely legs were waving all over the place.

I pulled down my pants and slowly slid my dick up Claire's legs. They twitched even more when my cock's swollen red head replaced my face at her snatch. Claire's pussy lips practically seized my dick and sucked it inside. I wrapped my legs around one of hers and hoisted my penis farther up her vagina. She threw her arms around my neck and cried with pleasure as I rammed it home and blasted cum up the sacred passage.

And what a lot of juice I felt running down our legs, as we lay together afterward. Was all that stuff from me? I looked down and was astonished to see red liquid on those beautiful legs. Claire noticed the look of surprise on my face. "It's not cherry soda this time," she said. "It's my cherry; I'm a virgin. Or, at least I was before I got here!"

A virgin. Fucking my finger every single day and she's a virgin. It was too much! Anyway, soon after I broke her cherry something made her family suspicious. We didn't get to be alone again. But I can't wait till Claire's family decides she's old enough to date!

I finally got a real boyfriend in college. I kept him for my freshman year and after that I didn't choose to have another when I could have as many as I wanted. I would often skip classes and have sex three or four times a day whenever I felt horny. I mean just look at one of the cocks I got to fuck! Damn!

How often do you get complimented on your cock-sucking skills? Well, I get it a lot. I make sure my mouth is ready for action because you never know when you're going to need it. After a wet sloppy blow-job, your cock is ready to fuck my pussy, and my pussy's wet and waiting for it. I can just close my eyes and feel you now.
